

Maxtec Protection Plan

FOR THE MINOLTA PULSOX-2

Maxtec® is committed to always offering the highest quality products available. There are times when customers want to have an extra sense of security. Therefore, Maxtec® has recognized the need to establish a protection plan for the Minolta® Pulsox-2 Spot-check.

With its small size, quality features and portability the Pulsox-2 there can be a temptation to “disappear” by theft or loss. The Minolta® Pulsox-2 Spot Check was designed and built to endure the most demanding environments. However, it can occasionally be accidentally damaged.

Maxtec® offers the Maxtec® Protection Plan (MPP) included with every Pulsox-2 purchased beginning November 1, 2003. This added protection comes at no additional charge to the end user. The Maxtec® Protection Plan is effective for 24 months from the date of invoice.

Should your Pulsox-2 fail due to workmanship within two years of its original purchase, it will be repaired or replaced at no charge under Minolta’s factory warranty.

Should your Pulsox-2 be lost or stolen, you may forward a claim to Maxtec® for approval along with your original invoice. Once approved by Maxtec®, you will have the opportunity to purchase a brand new replacement unit for \$200.00.

Should you damage your Pulsox-2 within two years of your purchase, you can return the damaged unit to Maxtec® and purchase a new replacement unit for \$150.00.

To participate in the MPP, the unit must be registered under the Maxtec® Protection Plan and be no older than two years since the invoice date of the original purchase. Once the claim form has been completed, submit it to Maxtec® for approval. Upon approval, Maxtec® will ship and invoice your replacement P-2. This policy allows only one Pulsox-2 replacement for each original purchased. You will not be eligible to claim a second unit if the replacement unit is lost, stolen or damaged.

Please complete the following to register your Pulsox-2 within 30 days after receiving your unit for the Maxtec® Protection Plan. Multiple units may be registered at the same time. Please include every serial number, separating each number with a comma.

Once the form is complete, please return it to Maxtec® by mail at the following address:
6526 South Cottonwood Street, Salt Lake City, Utah 84107 or fax this form to **801.270.5590**
toll free 800.748.5355 and a confirmation will be sent to your email.
